Re: Our File 582-534 Great Britain, PM 478
Our File 582-555 Great Britain, PM 509

Dear Bill:

We have been notified that the 582-534 case has been accepted in Great Britain. The agent raises the question of whether or not it is desirable to register the British patent when granted in Nigeria and Hong Kong as we most usually do in your cases. In a letter of December 16, 1968, Thelma Heatwole did not include either Nigeria or Hong Kong and we are wondering if this was an error or if it was intended, do you wish to reconsider and now desire to have the British patent registered in these two jurisdictions. It would be helpful if we could have your decision in this respect by the 15th of December, 1971.

register them!

Very truly yours,

George J. Brandt, Jr.
